MASTERCHIEF
GLOBAL
A COMPLETE SPECTRUM OF MARITIME SOLUTIONS

YOUR
COMPETENT PARTNER
IN MARITIME INDUSTRY

PROVIDING A COMPLETE
SPECTRUM OF
MARINE SOLUTIONS.

WHO WE ARE

- **Maritime Leadership:** Headed by a **Master Mariner turned Ex-Marine Superintendent** and guided by a **Chief Engineer turned Technical Superintendent.**

- **Strong, Qualified Core Team:** Backed by a dedicated team with certified marine industry qualifications and hands-on operational expertise.

- **Over 40 Years of Combined Experience:** Four decades of collective maritime insight make us the most competent partner to deliver exact solutions required by **Vessels, Ship Managers, Charterers, and all Marine Industry Stakeholders.**

OUR VISION

- **Most Trusted & Competent Partner:** To be the premier maritime partner delivering **real and precise solutions** across the global shipping industry.

- **First-Hand Sea & Shore Synergy:** Leveraging our team's deep **first-hand seagoing command** and **shore-based superintendency experience** to solve complex vessel challenges with certainty.

OUR MISSION

- **Complete Spectrum of Marine Solutions:** Any maritime stakeholder can approach us for any requirement-we are always ready to guide and deliver.

- **"We Never Say No":** Unwavering commitment to find practical solutions for every vessel need
.
- **Economical & Viable, Zero Compromise on Quality:** Tailoring every service, supply, and operation to your operational needs and budget.

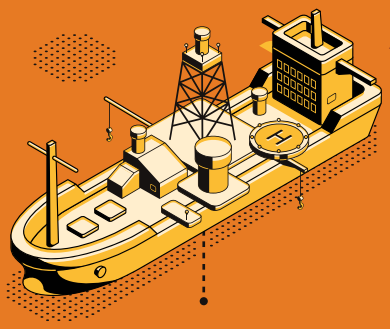

- **Full Regulatory Compliance:** Strictly adhering to all **International Conventions, IMO Codes, MSC Circulars,** Flag State, and Port State norms.

OUR SERVICES

Marine & Technical Surveys & Inspections

Independent condition and valuation assessments to verify vessel seaworthiness, structural integrity, and cargo suitability: pre-purchase inspections, on/off-hire condition surveys, draft and bunker surveys, damage evaluation, Class-related technical audits, and marine warranty surveys.

Marine Compliance & Audits

Comprehensive statutory and vetting readiness programs to ensure complete flag and port compliance: internal ISM, ISPS, and MLC audits; marine accident/incident investigations; Pre-RightShip inspections; Pre-SIRE 2.0 readiness; and PSC defect-rectification protocols.

Technical Assistance & Consultancy

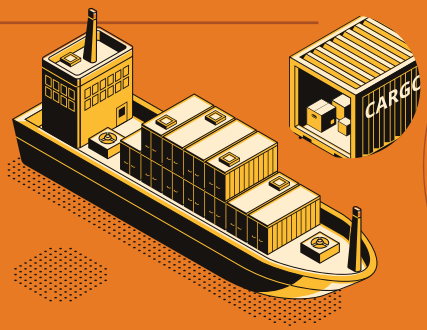

End-to-end engineering and operational consultancy to minimize off-hire time: 24/7 remote technical troubleshooting, dry-docking specification planning and on-site yard superintendency, PMS optimization, and drafting or review of onboard statutory plans (SOPEP, SEEMP, BWMP, Cargo Securing Manuals).

Marine Supplies (Spares, Stores & Provisions)

Rapid ship chandlery delivering certified equipment and high-quality consumables directly on board: OEM and compatible main/auxiliary engine spares, technical deck and engine stores (IMPA/ISSA standard), bonded stores, fresh/frozen provisions, and cabin utilities.

Navigational & Automation Services

Specialized electronic and electrical engineering solutions ensuring precision navigation and safe automation: installation, troubleshooting, and health-checks for Bridge Navigation Watch Alarm Systems (BNWAS), RADAR/ECDIS, gyro compasses, autopilots, engine-room alarms, boiler controls, and cargo monitoring systems.

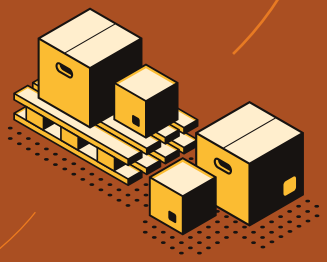

Chartering Solutions & Cargo Operations

Practical cargo oversight and superintendency safeguarding owners' and charterers' commercial interests: port captaincy, expert supercargo loading and discharge supervision, stowage planning, cargo hold cleaning to grain-ready/hospital-clean standards, and port turnaround coordination.

LSA / FFA Services

Certified life-saving and fire-fighting appliance servicing guaranteeing full SOLAS compliance: annual and five-yearly inspection, servicing, hydrostatic testing, and certification of lifeboats, release gear, davits, liferafts, immersion suits, portable extinguishers, and fixed CO_2 or foam systems.

Workshops & Overhauling Jobs

Heavy mechanical fabrication and precision engineering support for critical shipboard machinery: complete workshop overhaul and bench testing of 2-stroke/4-stroke auxiliary engines, cylinder heads, turbochargers, fuel injection valves, pumps, air compressors, and heat exchangers.

Repairs & Calibration Services

Specialized electro-technical calibration and mechanical repairs ensuring certified accuracy and reliability: certified calibration of pressure/temperature gauges, 15 ppm bilge alarms, UTI tapes, torque wrenches, and fixed/portable gas detection instruments, alongside structural steel cropping and coded welding repairs.

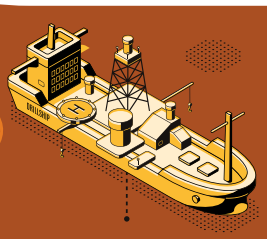

Laboratory Testing & Compliance Certification

Independent analytical testing providing rapid verification against international environmental and machinery standards: comprehensive testing for fuel oil (ISO 8217 bunkering quality), lube oil condition monitoring (ferrography/viscosity), ballast water biological efficacy (D-2 standard), scrubber wash water, and potable water potability certificates.

Stockist & Supply of PPE

Direct stockist of certified industrial personal protective equipment meeting CE and ANSI safety directives: marine safety footwear, fire-retardant coveralls, fall-arrest harnesses, hard hats, safety goggles, chemical-splash protection gear, face shields, and heavy-duty deck/engine gloves.

Riding Team Assistance

Deployable mobile riding squads executing turnkey voyage repairs without interrupting trading schedules: certified sea-going fitters, 6G coded welders, pipefitters, marine electricians, and blasters/painters for afloat maintenance, voyage overhauls, tank descaling, and emergency structural retrofits.

EXCELLENCE DELIVERED:
A SNAPSHOT OF RECENT PROJECTS

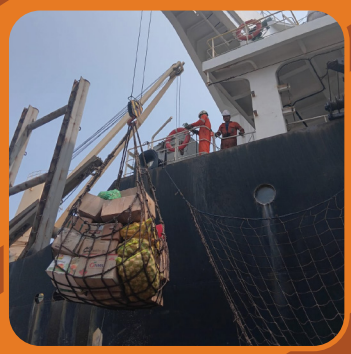

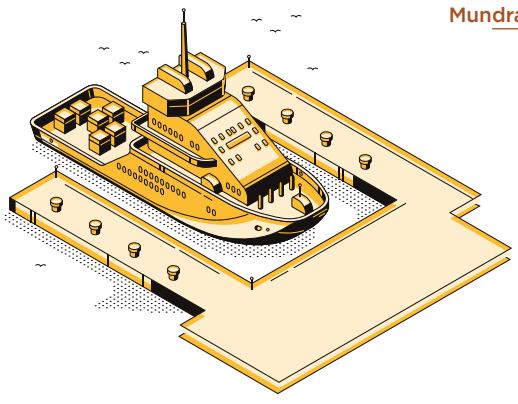

PROVEN GLOBAL IMPACT IN < 1 YEAR OF ACTIVE OPERATION
RAPID GLOBAL FOOTPRINT & APPROVED VENDOR

- **Executed Across India & Overseas:** Completed services & supplies across All Major Ports in India and abroad in Singapore, China, Malasiya Tanzania, Sri lanka and GCC Regions.
- **Worldwide Advisory & Quoting Reach:** Delivered technical opinions & competitive quotes for maritime sites across Sri Lanka, Australia, USA, Canada & Europe.
- **Approved Dealership & Vendor Network:** Empanelled with leading Ship Owners, Ship Managers, Charterers & 3rd-Party Marine Companies.
- **Full-Spectrum Execution:** Proven delivery in Port Captaincy, Technical Services, Spares & Supplies, Stores, Provisions, Guidance & Chartering Solutions.
